The County Surveyor submitted report for quarter ended 31st December 1916, on the state of the roads in the District.

On the motion of Mr Kelly, seconded by the Chairman, the report, as submitted, was adopted.

The County Surveyor submitted Estimate of Expenditure on roads, for ensuing Financial Year. - viz:-

Maintenance of Roads by Direct Labour £1,906

Special Works

Existing Liabilities £116

Estimated Proposals

Now applied for £107

Future Proposals £77

£184 £300

£2,206.

The County Surveyor pointed out that the total amount of his estimate exceeded the Statutory Limit of road expenditure by £135 — but that was because it included the sum (£200)

proposed to meet the payment of higher wages to the road workmen and the sanction of the Local Government Board, if given for the proposal (recently adopted by the Roscommon County Council) necessarily includes sanction for the corresponding extension of the Statutory limit.

Proposed by Mr M. Killian J.P., seconded by Mr J. Kelly and unanimously resolved "that the increased rate of wages proposed to be allowed gangers and workmen under the Direct Labour Scheme during the current year, be passed, but that the present limit of expenditure be not increased and the County Surveyor's Estimate of Maintenance of Roads by Direct Labour therefore reduced by a sum of £200."

The County Surveyor's recommendations as on Form 22. were unanimously adopted.

Six applications for New Works, ~~received~~ from District Councillors were received.

Mr Larkin proposed and Mr J. Kelly seconded "that the applications be rejected."

Mr Harrison proposed and Mr Hughes seconded "that each application be considered and dealt with on its merits".

On a division Mr Larkin's motion was ~~lost~~ defeated by 9 votes to 7.

The applications were then considered and dealt with as marked on sheet herewith.

ROSCOMMON COUNTY COUNCIL.

County Surveyor's Office,

Roscommon,

11th January, 1918.

Report of the County Surveyor to the
Athlone No 2. Rural District Council
for the Quarter ended 31st Decr, 1917.

Gentlemen:-

Herewith I return Form 22 in which I have entered my recommendations as to proposals for payment and other decisions which I consider should be made by you in dealing with the Contract Instalments for Special Works.

The condition of the Special Works Contracts in the District is indicated by the recommendations in the form from which may be seen that out of 5 instalments current for the Quarter now being dealt with 2 may be paid in part and part deferred and 3 deferred in full.

At the time of the recent inspection the condition of the surfaces of the roads being maintained by Driect Labour was as follows:- 11 were good, 47 were fair, and 7 middling.

The bad weather of last season rendered road maintenance work more troublesome than usual.

As the 3 year's term ofthe existing scheme for maintenance of roads by Direct Labour will end on the 31st March next it is necessary at this meeting to make proposals for the amount required for maintenance for the next three years

term

term from 1st April next to 31st March 1921. I drew up a Direct Labour Scheme for said period, according to the views expressed by you at your last Quarterly Meeting and the County Council adopted it provisionally and submitted a copy of it for your approval, and I now submit the usual application for proposals to carry it into effect. They include as you desired providing for the continuous maintenance of 6½ miles of the Clonown - Johnstown by-road, hitherto repaired only occasionally, part of it being as yet unfinished.

It was suggested to me to add to the new scheme for continuous road maintenance by Direct Labour, all the boreens hitherto repaired only occasionally by contract. I should not do this unless you order it because it would add considerably to the cost, which owing to existing additional prices, already exceeds the Statutory Limit of road expenditure. The matter should be decided by you now in order to complete your estimate of road expenditure for the coming financial year, which at present I estimate as follows:-

Maintenance by Direct Labour
all the continuously maintained Roads
included in the provisionally declared
Scheme of Direct Labour for 1918 - 1921
One year's amount.....£ 2,031-.

Special Works.

Existing liabilities..... £309-.

Councillors' applications
at this meeting.....£ 86 395.

£ 2426-.

term from 1st April next to 31st March 1921. I drew up a Direct Labour Scheme for said period, according to the views expressed by you at your last Quarterly Meeting and the County Council adopted it provisionally and submitted a copy of it for your approval, and I now submit the usual application for proposals to carry it into effect. They include as you desired providing for the continuous maintenance of 64 miles of the Clonown - Joinatown by-road, hitherto repaired only occasionally, part of it being as yet unfinished.

It was suggested to me to add to the new scheme for continuous road maintenance by Direct Labour, all the portions hitherto repaired only occasionally by contract. I should not do this unless you order it because it would add considerably to the cost, which owing to existing additional prices, already exceeds the Statutory Limit of road expenditure. The matter should be decided by you now in order to complete your estimate of road expenditure for the coming financial year, which at present I estimate as follows:-

Maintenance by Direct Labour

all the continuously maintained Roads

included in the provisionally declared

Scheme of Direct Labour for 1919 - 1921

One year's amount.....£ 3,021-.

Special Works.

Existing liabilities..... £305-.

Councillors' applications

at this meeting.....£ 86 391.

£ 3486-.

This amount exceeds the Statutory Limit (£207-) of road expenditure by £355-, but the Local Government Board will sanction an extension of the limit whenever applied for. The other Rural Districts have already had their limits extended.

I am, Gentlemen,

Your obedient servant,

(Signed) C. MULVANNY, M.I.C.E.

County Surveyor.

Signed by Chairman.

ROSCOMMON COUNTY COUNCIL.

County Surveyor's Office,

ROSCOMMON,

12th July, 1918.

Report of the County Surveyor
to the Athlone No 2. Rural District
Council, for the Quarter ended
30th June 1918.

Gentlemen:-

Herewith I return Form 22 in which I have entered my recommendations as to proposals for payment and other decisions which I consider should be made by you, in dealing with the Contract Instalments for Special Works.

The condition of the Special Works Contracts in the District is indicated by the recommendations in the Form from which may be seen that out of 6 instalments deferred from last meeting, 4 may be paid off and 2 paid in part and part deferred.

At the time of the recent inspection, the condition of the surfaces of the roads being maintained by Direct Labour was as follows:- 50 were fair, 14 middling and 3 bad. These latter were by roads and have hitherto been only occasionally repaired, but are now included in the Direct Labour List and will be improved under continuous maintenance.

Since last Quarterly Meeting I took levels on part of the Athlone-Clonown road and laid out some improvement work to raise part of the road over Shannon flood level; this is being carried out but much more will be required to enable pedestrians to pass in time of winer floods.

The Applications for proposals for Special Works are of the usual kind and amount to £191-, but a somewhat less amount would suffice for the proposed Works, on consideration of each on its merits.

The chief road work at present is procuring material for road metal; I have given directions to every Ganger to make every effort possible to secure a full supply of road material as some parts of the District Roads require a liberal supply.

I recommended that a sum of £50- be passed to build gullets on the by-road No 3 A at places marked out by me.

I am, Gentlemen,

Your obedient servant,

(Signed) C. MULVANNY, M.I.C.E.

County Surveyor.

The County Surveyor submitted Report for Quarter ended 31st ult, together with estimate of amount required for expenditure in respect of roads for year ending 31st March 1920 (Amount £3,396). The County Surveyor explained that the amount required exceeds the present statutory limit (£2,426) by a sum of £970 chiefly on account of the increase in cost of wages and materials and partly on account of the increased expenditure on Special Works.

Proposed by Mr J. Kelly, seconded by Mr P. Larkin, and unanimously resolved:- "that the Report and Estimate of the County Surveyor be adopted and that the Local Government Board be requested to extend the Statutory limit to cover the increased expenditure"

The following proposal of the County Surveyor was read and passed unanimously:- "To provide a sum of £839 to be used all or in part as may be required to carry

into effect the resolution of the County Council to pay for increased cost of labour and materials for road maintenance by Direct labour for the financial year to End 31st March 1920"

The following resolution adopted at last Meeting of Roscommon County Council was read and unanimously approved of:- "That we recommend to the District Councils of the County, the favourable consideration of the claims of the road labourers, Gangers and Carters, as it is evident that the present wages paid are inadequate, owing to the high cost of living".

Return of amounts expended by Roscommon County Council during Quarter ended 31st December 1918 in respect of roads included in Direct Labour Scheme, Total £584 - 11 - 6.

Nine applications from District Councillors were received and dealt with as marked on sheets herewith.

10th October 1919.

Report of the County Surveyor
to the Athlone No 2. Rural
District Council, for the Quarter
ended 30th September 1919.

Gentlemen:-

Herewith I return Form 22 in which I have entered my recommendations as to proposals for payment and other decisions which I consider should be made by you in dealing with the Contract instalments for Special Works.

The condition of the Special Works Contracts in the District is indicated by the recommendations in the Form from which may be seen that 2 instalments deferred from last meeting may now be paid in part and part deferred, and out of 10 instalments current for the Quarter now being dealt with, 1 may be paid in full, 7 paid in part and part deferred and 2 deferred in full.

At the time of the recent inspection the condition of the surfaces of the roads was as follows:- 3 were good, 42 fair, 20 middling and 2 bad. These latter are being attended to.

I am glad to report that I received a few days ago, a communication from the Road Board intimating that they had allocated a free Grant of £6,000- in aid of cost of improvement by steam-rolling the road from Athlone to Ballinasloe. This is a first instalment — others will follow.

Report of the Acting County Surveyor to the Athlone No. 2 Rural District Council for the Quarter ended 31st., December 1919.

Gentlemen,

I enclose herewith Form 22 in which I have entered my recommendations for proposals for payment and other decisions which I consider should be made by you in dealing with the Con-tract Instalments for Special Works.

The condition of the Special Works Contracts in the District is indicated by the recommendations in the Form, from which may be seen that out of 11 instalments deferred from last meeting, 1 may now be paid off with a small deduction, and 10 paid in part and part deferred again.

At the time of my quarterly inspection the condition of the surfaces of the roads was as follows: 12 were good, 38 Fair, and 17 middling.

At this meeting you have to make an estimate of your probable expenditure upon roads and Special Works for the coming financial year - up to 31st March 1921, and I presume you will make provision same as last year to pay men under Direct Labour Scheme, the increased wages granted to them, so, my estimate will be as follows:-

Co[illegible]EYOR,
ROSCOMMON.

To Athlone R. D. C. Date 11/1/xx

Sheet No. 2.

Maintenance of the Direct Labour
Roads as in Scheme
One years Amount.....£. 2,051

Extra Amount to meet
increased cost of labour
and materials..... 866 £.2,917.

SPECIAL WORKS.
Existing Liabilities..... £ 109
Estimated New Proposals.... 370-------- 479.

TOTAL : £. 3,396.

This is same as estimated for last year and I recommend you to adopt it, and make application to the Local Government Board to extend the Statutory limit to cover the amount.

Acting County Surveyor's Report
for the Quarter ended 31 st December
1922, to Athlone No. 2. Rural
District Council .

Mr. Chairman and Gentlemen,

I return herewith Form 22 in which I have entered my recommendations for proposals for payment. From the last Quarter ended 30 th September 3 payments were deferred ; of these I now recommend that 1 be paid in full, 1 paid in part and part again deferred, and one again deferred in full.

There are 4 applications from Councillors for Special Works to come before you to-day. Of these, Application No. 3. by Councillor Michael Murray I consider unnecessary. With regard to No. 4. I have no records of the road having ever been repaired by the Council, beyond Glanduff School - 134 perches. An assignment would be required to enable the extended work to be carried out and the road would probably need to be widened from the school house to Mrs Egans house in Carnagh before a satisfactory job could be done.

The Council are no doubt aware of the County Council's resolution at their meeting of November 22 nd. 1922, that this is the only meeting at which applications from District Councillors for new special works be considered . Therefore in my estimate for Special Works I have acted in accordance with the County Council's ruling in the matter and based my estimate on applications for Special Works now before you .

With regard to the Special Grant of £ 9,000 for relief of unemployment of which £ 1,050 was allotted to Athlone

No. 2. Rural District Council; this amount has now been spent and works under this heading have now ceased . I have inspected these works and found on the whole, that they were fairly well carried out and that the money was judiciously allotted.

The general condition of the roads continuously maintained under Direct Labour is not quite up to the standard, especially in districts where the traffic is rather heavy. In considering this statement it should be borne in mind that for 6 weeks September to November 1922 work was completely closed down . Since then work was resumed with a considerably reduced staff . Such a stoppage of road work comes at a very bad time in the year as, from September to March, the roads need all the attention it is possible to give them, and they are in a better condition to assimilate metal than during the Summer months. Unfortunately however, owing to the conditions over which the Roads Department have no control, the roads have suffered from lack of attention and work has been carried out only on such portions as was absolutely essential.

At this meeting you will consider and decide on estimates for Direct Labour for the year ending 31 st March 1924 In this connection it might be advisible to give a statement of the Estimates and Expenditure of the last two years in the Direct Labour Scheme which I consider would be a guide in adopting the recommendations I shall put forward. The Acting County Surveyor in his original 3 years' Estimate 1921 -'24 recommended a sum of £ 17,829 for the Athlone Rural District based on wages as follows:- Labourers 42/- per week Carters 72/- per week Gangers 50/- per week . At your meeting of the 15 th January 1921 you reduced this estimate by 25 % .

The County Council at their meeting of 5 th February 1921 further reduced this amount to £ 10,350 at the same time reducing wages as follows:- Labourers 36/- per week Carters 60/- per week Gangers 45/- per week . The County Council considered that as work was not then normal throughout the County that

the estimates ought to be considerably reduced. A yearly amount therefore of £ 3,450 was decided upon . The expenditure during 1921-'22 was £ 2,624 leaving a balance of £ 826

Presuming on a full year's work 1922 -'23 the Acting County Surveyor asked for a supplementary allowance of £ 580 which was not granted at your meeting of 6 th January 1922 but was allowed by the County Council in view of a letter received from the Local Government Department. The Acting Surveyor's total Estimate for Direct Labour for the year 1922 -23 was £ 4,530 based as follows: -

1 year's allowance	£ 3,450
Estimated balance	£ 500
Supplemental Estimate	£ 580
Total	£ 4,530

Owing to the suspension of work for a period of six weeks (September 1922) and partial resumption in the District in November 1922, I consider there will be a balance in hand at the end of the financial year of about £ 280 (this being a rather conservative figure as there is little liklehood of full work being resumed.

From the rpevious two years, 1921 -23 the total of actual and estimated balances balances amount to £ 1,106 . Providing for a full years work 1923 -24 I estimate a sum of £ 4556 is required .

In the triennial estimate Direct Labour Scheme a yearly sum is provided of £ 3,450

Unexpended balances	1,106
TOTAL:	4,556

It will not be n cessary therefore for me to apply to you for a further supplemental allowance.

COUNTY SURVEYOR,
ROSCOMMON.

To Athlone R. D.C . Date 5/1/23.

Sheet No. 4

The Estimate therefore is as follows:-

DIRECT LABOUR: 4,556

Special Works

Existing Liabilities £ 140

Estimated New Proposals: 150

290

Total. £. 4,846

I recommend for your adoption the above estimates. The total amount granted for 3 years by the County Council = £ 10,350

Supplementary allowance granted by Co. Council year 1922 -'23 = = £ 580

TOTAL £ 10,930

Expenditure year 1921 -'22 = £ 2,624

Estimated Expenditure 22-'23 3,750

ESTIMATE 1923 -'24 4,556

£. 10,930

From this it will be seen that I intend to keep the expenditure within the three years' estimate as approved by the County Council, and I trust that my recommendations may meet with your approval . The Statutory Limit for Athlone Rural District is £ 4,656 . It will therefore be necessary for you to apply for an extension of this limit to meet these proposals should they be adopted by you.
