The following Orders of the Local Government Board for Ireland were laid before the Guardians, and directions given thereon as follows:—

38262/1920 Letter dated 14th inst. in reference to bonus of £25 granted to the Master for extra duties in the management of the Farm for year ended 31st March last, and pointing out that when a bonus of the like amount was granted in February 1918 it was stated to be partly in consideration of extra work imposed on him in connection with the introduction of a new dietary.

The payment of a sum of £25 is very high and the Board would suggest that the Guardians should adopt the arrangement in force in other Unions to allow the Master a moderate percentage on the profits derived from the tillage of the land.

"The Guardians consider the remuneration only adequate considering the Profit made out of the Farm. The Master has still to keep the new ages in connection with the Dietary scale and also to purchase potatoes and other supplies in the market for which there is no contract, and request the L.G. Board to approve of same"
