The payment of a sum of £25 is very high and the Board would suggest that the Guardians should adopt the arrangement in force in other Unions to allow the Master a moderate percentage on the profits derived from the tillage of the land.

"The Guardians consider the remuneration only adequate considering the profit made out of the Farm. The Master has still to keep the new ages in connection with the Dietary Scale and also to purchase potatoes & other supplies in the market for which there is no contract; and request the L.G.B.d to approve of same"
