VV Received.

On a requisition from the Chairman, a Special Meeting (of which due notice was given to each member of the Council) was held this day to re-consider the question of the advisability of Applying for a loan for Seed Potatoes, Seed Oats, and Manure

The matter having been discussed at some length, it was proposed by Mr. M. O'Callaghan, Seconded by Mr. M. Concannon, and unanimously resolved:

That the Seed Scheme suggested by the Department of Agriculture and Technical Instruction be abandoned, as the Council are of opinion that the quality of the Seed Potatoes is not suited for this Union, as well as the prices being far in excess of what they consider their value.

The Oats and Manure they also consider too high, and believe they could not dispose of them at anything like the prices quoted by the Department.

Messrs. McDonnell & Co., Solicitors: Relative to the case of Patrick Hayden,
10 : 11 : 16. a cottage tenant, at present in the Army, and whose wife keeps lodgers in the Cottage: owing to the Emergency Act, Magistrates have discretion not to give decrees for possession in Cases where they think fit to exercise it, and in their (Messrs McDonnells') opinion this would appear to be a case where it should be exercised, inasmuch as the Subletting was made by the tenants wife while her husband, owing to his absence at the War, was powerless to prevent it. Under the circumstances it would be advisable to stay proceedings for the present. Of course, if the rent is in arrear, possession may be recovered for non payment if the amount be not paid.
√ Received. Tenants wife is now paying rent.

Mr. M. J. Keech, Engineer: Relative to Council's Fifth Improvement Scheme,
31 : 3 : 17. which was deferred owing to the War: Stating that he marked out the Sites, prepared Maps, Tracings, &c., and he now wishes to be paid for the work of marking the Sites, for which the Local Government Board Sanctioned remuneration at the rate of 10/- per plot. He has seen by the local Press that the Granard Rural District Council have paid their Engineer for this work, and the Local Government Board have given their approval
√ √ To be paid at the rate of 10/- per plot, subject to the Local Government Board's Sanction. 76 plots were marked, and of these 68 were included in the proposed Scheme.

Mr. J. Delke, Cottage Rent Collector: Stating that there is a balance of 12/-
31 : 3 : 17. rent due in connection with the labourer's Cottage, Church-road, Castlerea, which was occupied by Michael Heaney, who is Serving with the Army in Salonika, and whose wife died in November last, since when no rent has been paid. The following report was read from Fairymount Cemetery Committee:-

The Committee met at Fairymount Hall on 26th November, 1917 Mr. Reech, Engineer, was present. The Committee appointed a Chairman Secretary, and Treasurer, and fixed a day and hour on which they were to meet, and the number necessary for a quorum. They defined a place in the Cemetery where the poor may be buried free of charge, and also a place for the burial of religious nondescripts. They fixed a flat rate of 10/5 for each grave, as all sites are equally acceptable, and they do not wish to create a conventional distinction where all are equal. The Caretaker's duties shall be:- To point out the site to applicant. To make, if required to do so, the grave to the regulation depth, on receipt from applicant of a fee of 5/-. To remove all loose stones found in making the grave outside

the boundary wall. To cover in the grave, finishing with a curved mound, and neatly finished with grass sods, when allocating the site, he is to insist on immediate payment of the grave-rate. If the grave is made by other than the Caretaker, he is to see the above instructions carried out. He is to remove all the loose stones from the graves already occupied and finish them in accordance with above instructions - all Stones being removed from the Cemetery. He is to recover the grave rate due for the graves now occupied. He is to give two coats of paint to the gate every year and to keep it always locked except for admission of persons on business. He is to supply the lock and all tools and materials required by him. He must never allow any trespass of fowls or animals, or of people making short cuts. The centre walk running North and South he is to extend to the north wall - a distance of about 10 feet. The walk running East and West and next to the North Wall, he is to extend to the East and West Walls - a distance of about 10 feet at each end. The Extensions to be finished as remainder of walks. All walks to be at all times kept free from weeds and grass and edges neatly trimmed. The whole Surface of the Cemetery, whether occupied by graves or not must be kept always free from weeds and grass. For some years to come the grass as hay will be a valuable consideration which might be taken into account in fixing the Salary. It is for the Council to say whether it should be treated as a perquisite of the position or treated as an independent item. The Committee would Suggest that the Council should invite tenders and submit them to the Committee who would return them with an expression of opinion as to the merits of applicants and reasonableness of their tenders. The Council would then be in a better position to make a suitable appointment. The Committee would also Suggest that no payment should be ever made to the Caretaker except on the recommendation of an ordinary or special meeting of the Committee. The Caretaker must at once pay to the Treasurer all receipts for graves. The Treasurer's accounts to be Submitted to the Committee every month. The Committee to remit to the Council on dates fixed by the Council. The Caretaker must provide himself with a Book in which to enter the name of the owner of the grave and its number as indicated on the Map of the Cemetery. The graves to be disposed as far as possible in the order at present followed

Next Meeting of the Rural District Council will be held on SATURDAY,
the 12th day of January 1918

The following resolution was unanimously adopted at the request of the Rev. M. Feely, P.P. Frenchpark, and the people of Frenchpark and Bellanagare:- That we the Castlerea Rural District Council respectfully request the Postal Authorities to arrange for the arrival of letters, &c., shortly after mid-day at Frenchpark, and a despatch, as heretofore, from Frenchpark at 9.45 P.M., and we assure the Postal Authorities that this arrangement will suit the great majority of the residents of Frenchpark and Bellanagare and the districts traversed by the Postmen working from these places

Proposed by Mr. J. Fitzgibbon, Seconded by Mr. M. J. Sweeny, and unanimously resolved:- That the Post office Authorities be asked to arrange for one delivery of mails in Castleplunket and the districts served from that office, shortly after mid-day, so that the residents in these localities may receive letters &c. arriving by the morning mail from Dublin; and that the Post Office Authorities be informed that this resolution represents the views of the people of Castleplunket and the Surrounding districts

That the attention of the Postmaster General be drawn to the fact that the mail hitherto delivered at Ballintober at 7.30 A.M., is now altered to be delivered at 1 P.M., - which is a great inconvenience to the people of Ballintober. A letter posted in Castlerea takes 15 hours to be delivered at Ballintober, four miles distant. Further the outgoing mail is altered to leave at 7.15 p.m. instead of 9.30 p.m. as hitherto. We respectfully request that the Postal authorities will re-consider the new alterations and restore the postal delivery to the hour at which the letters have been delivered for years past namely 7.30. VV Copy to be sent to Mr. Mulvany, County Surveyor

Proposed by Mr. M. H. Grogan, Seconded by Mr. M. Concannon, and unanimously resolved: That we, the Castlerea District Council, consider the request of the ratepayers of Ballintober to have the existing path remain in its place, reasonable; and we ask the County Surveyor to make other arrangements for the widening of the road, if necessary, Copy of this resolution to be sent to the County Surveyor

4:11:18. Inquiry held by him into the Council's application for Sanction to
loan of £600. for providing a new storage battery at Ballaghaderreen
Electric Lighting Works: Stating that having considered the report
and minutes of Evidence taken at the Inquiry, there does not
appear to them to be any pressing necessity for the loan, and they
consider that the best course for the Council to adopt would be
to postpone any further Capital expenditure on account of the
works till after the War. In very many towns the supply of
means of lighting has been greatly reduced, and in the present
Case a moderate reduction in the Consumption of Electricity
would make the Supply now available sufficient. Adding
that they are of opinion that the Council should charge a
higher price than five-pence per unit for the Supply of
Electricity, So as to make the undertaking Self-supporting as
Soon as possible, and they should take Steps to ensure the
keeping of Careful detailed accounts of all Stores and materials
used.
