Proposed by Mr E Hayden: Seconded by Mr J Goff and unanimously resolved: That we the members of the Castlerea District Council condemn the proposals of the Chancellor of the Exchequer, which are entirely unjust to Ireland, inasmuch as it means the crushing out of two of Ireland's Chief industries. There is no reason why Ireland should be included in the Government's new proposals, as this country has no share in the supply of war munitions, As Ireland was excluded from the benefits of supplying war munitions, we consider that she should be excluded from the proposed Drink legislation, which is chiefly intended for those areas when war munitions are manufactured, We call upon the Irish Parliamentary Party to resist by every means the new injustice to Ireland, Copies to be sent to Mr J Redmond, and to the County Representatives
