## Committees 2011

are established in the SPC Scheme adopted by the Council at  
09 as follows:  
community.

- Planning & Economic Development.
- Roads, Transportation and Emergency Services.
- Environment and Water Services.

Since the reorganization of responsibilities within Roscommon County Council following the reduction in the number of Directors of Services, these SPCs do not align with the Directorates. Following the October Corporate Policy Group Meeting, the following new structures were agreed.

- Housing, Culture, Community and Enterprise.
- Planning & Development.
- Roads, Transportation and Water Services.
- Environment, Corporate and Emergency Services.

While membership of SPCs would remain the same, the new structure involves the transfer of some items identified on the work programme between SPCs as follows:

### **From the Environment and Water Services SPC to the Roads, Transportation and Water Services SPC**

Drinking Water Quality  
Remedial Works Programme  
Water Abstraction  
Domestic Water Charges  
Water Conservation/Unaccounted for Water/Harvesting Rain  
Assessment of Water Needs  
Water Services Investment Programme  
Licensing of Group Water Supply Schemes  
Fluoridation
