

Part 8: Introduction Documentation

The Plots Town Park

Ballaghaderreen

October 2023

The project has been developed by Roscommon County Council working in partnership with the Ballaghaderreen Town Team & proposes to develop a new town park in the area known locally as The Plots. This development significantly improves the public infrastructure of the village by providing an recreation area for all ages and abilities. This will enhance and improve the village core and encourage greater footfall into the Town.

This new recreation park proposed for Ballaghaderreen will support the community, who continually seek to promote their village as an attractive and safe place to visit & dwell; and combined with the soon to be constructed Public Realm Enhancement Scheme will make Ballaghaderreen a better place to work, visit & live. This project will see the provision of new access path, grassed areas and wildflower meadow, Children's Active Recreation area, Outdoor Exercise Equipment, Plaza Style Skate Park Element and Age Friendly Seating and soft landscaping to include, trees, shrubs, hedging, flowers & grass.

This project reflects the ambition of Roscommon County Council to further support & develop it's Towns & Villages as attractive, sustainable places in which to live, work, socialize & grow & to build strong, vibrant & resilient communities .
