Annual Financial Statement for Year ended 31st December 2022 FINANCIAL REVIEW

Introduction

This Annual Financial Statement (AFS) sets out the financial results of Roscommon County Council's activities for the year 2022 (Statement of Comprehensive Income (Income and Expenditure Account)) and reflects the Council's financial position as at 31 December 2022 (Capital Account and Balance Sheet). The AFS is prepared in accordance with the statutory requirements governing the production of financial statements for local authorities as prescribed by the Minister for Housing, Local Government and Heritage.

Audit

The AFS is subject to statutory annual audit by the Local Government Audit Service in order to provide an independent opinion on whether it reflects a fair representation of the financial position as at the year end. In addition, and in accordance with Section 120 (1) (C) of the Local Government Act 2000 a Statutory Audit Report is prepared by the appointed Local Government Auditor.

Key Points

I am pleased to inform Members that a surplus of €26k was delivered on the Revenue Account, which now means the cumulative general reserve at the end of 2022 stands at €270k.

A combined total of €119m (excluding transfers) was spent in the Revenue and Capital Account during 2022, delivering services to the citizens of Roscommon.

The cash of the County Council was managed prudently, with no recourse to overdraft during the year, whilst at the same time ensuring 98% (in line with 2021) of invoices were paid within 30 days.

The rates collection rate has been maintained at 89% which is in line with 2021.

The rents collection performance was an impressive 91% which is a slight reduction on 2021.

The collection rate for loans has increased from 65% in 2021 to 71% in 2022 as the legacy debt associated with loans issued in the 1980's and 1990's reduces. All new Rebuilding Ireland Home Loans are performing well.

NPPR income in 2022 €502k. This compared to €504k in 2021.

Additional income and budget savings, allowed the Council to create further provisions as follows:

| Description | Amount (€) |
|---------------------------------------|------------|
| Match Funding for Government Projects | 1,852,710 |
| Civil Defence | 867,000 |
| Library Projects | 404,280 |
| Machinery Account | 551,390 |
| IT Upgrade | 310,410 |
| Public Lighting | 480,000 |
| GMA | 189,000 |
| Housing Grants | 252,260 |
| Town Teams | 30,000 |
| Other Capital Projects | 499,900 |
| Total | 5,436,950 |

Statement of Comprehensive Income for 2022 (Revenue Account Activity)

The Statement of Comprehensive Income for 2022 which records revenue income & expenditure activity reported a surplus of €26k and can be summarised as:

| | 2022 €000 | 2021 €000 |
|--------------------------------|--------------|--------------|
| Expenditure | 67,663 | 71,366 |
| Income | 73,867 | 76,877 |
| Transfers (to)/ from Reserves | (6,178) | (5,486) |
| Surplus (Deficit) for Year | 26 | 25 |
| Opening Credit (Debit) Balance | 244 | 219 |
| Closing Credit (Debit) Balance | 270 | 244 |

The comparison of actual income and expenditure compared to that budgeted is:

| | 2022 €000 | 2021 €000 |
|------------------------------|--------------|--------------|
| Expenditure V Adopted Budget | (10,563) | (14,044) |
| Income V Adopted Budget | 10,803 | 14,173 |
| Rates V Adopted Budget | (214) | (104) |
| Surplus/ (Deficit)for Year | 26 | 25 |

A detailed report on the variations between expenditure and income by division is submitted to the Members of Roscommon County Council each year which includes a request for its approval.

As reported in previous years, the Council was highly dependent upon Government Grants as shown in Note 15 of the accounts to deliver services to our citizens. State Grants and subsidies accounted for 43% of all income received in 2022, (2021 – 49%). The Local Property Tax allocation, including the funding received from the equalisation fund accounted for 15% of income (2021 – 14%), while Commercial Rates provided 17% (2021 – 16%). The balance was made up of goods and services as shown in Appendix 4 of the accounts.

The Local Property Tax allocation is of continuing concern for Roscommon County Council given the fact that an amount of €6,965m has been received from the equalisation fund in order to sustain the required level of services (ie):

| | 2022 €000 |
|-------------------------------------|--------------|
| LPT 100% contributed locally | 4,063 |
| LPT 20% to Equalisation Fund | 812 |
| LPT Retained Locally (80%) | 3,251 |
| Distribution from Equalisation Fund | 6,965 |
| Add: 15% Upward Variation | 609 |
| Total LPT Allocation 2022 | 10,825 |

Capital Account Activity

Capital expenditure can be described as expenditure which is incurred for items that have a life expectancy beyond the year in which it is incurred. Examples include;

- Purchase of land
- House acquisitions and refurbishments
- Major road improvement works
- Group Water Schemes
- Leisure Centres, Parks and Pitches
- Offices and other buildings

Capital Expenditure is also identified within the Fixed Assets and Work in Progress headings in the Balance Sheet and includes monies owed to the County Council as at 31st December 2022.

Capital Account Expenditure is funded by various sources such as Grants, Loans and Development Contributions (cash received for development contributions was €643k for 2022 as against €654k for 2021). The transactions summarised below give an overview of the level of activity on the Capital Account during 2022 (see Appendix 6);

| | 2022 €000 | 2021 €000 |
|--------------------------------|--------------|--------------|
| Expenditure | (51,385) | (44,266) |
| Income | 42,063 | 58,821 |
| Surplus (Deficit) for the Year | (9,322) | 14,555 |
| Opening Credit (Debit) Balance | 37,967 | 23,412 |
| Closing Balance at year end | 28,645 | 37,967 |

The closing balance at year end is mainly due to timing differences between the incurring of expenditure and the raising of income.

Balance Sheet

The Balance Sheet shows Fixed Assets at a value of €1,866M as at the year end with Work in Progress and Preliminary Works in respect of fixed assets being €23.4M.

Revenue Collection

Appendix 7 provides analysis of the collection performance of the main income streams for 2022.

The table below shows the collection performance since 2015;

| | 2022 | 2021 | 2020 | 2019 | 2018 | 2017 | 2016 | 2015 |
|------------------|------|------|------|------|------|------|------|------|
| Commercial Rates | 89% | 89% | 68% | 89% | 86% | 83% | 91% | 93% |
| Housing Rents | 91% | 93% | 93% | 91% | 92% | 91% | 92% | 89% |
| Housing Loans | 71% | 65% | 62% | 76% | 55% | 56% | 58% | 75% |

Independent Auditor's Opinion to the Members of Roscommon County Council

I have audited the annual financial statement of Roscommon County Council for the year ended 31 December 2022 as set out on pages 11 to 29, which comprise the Statement of Accounting Policies, Statement of Comprehensive Income, Statement of Financial Position, Funds Flow Statement and notes to and forming part of the accounts. The financial reporting framework that has been applied in its preparation is the Code of Practice and Accounting Regulations as prescribed by the Minister for Housing, Local Government and Heritage.

Responsibilities of the Council and the Local Government Auditor

The Council, in accordance with Section 107 of the Local Government Act, 2001, is responsible for the maintenance of all accounting records including the preparation of the Annual Financial Statement. It is my responsibility, based on my audit, to form an independent opinion on the statement and to report my opinion to you.

Scope of the audit of the financial statement

I conducted my audit in accordance with the Code of Audit Practice, as prescribed under Section 117 of the Local Government Act, 2001. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the annual financial statement. It also includes an assessment of the significant estimates and judgements made in the preparation of the financial statement, and of whether the accounting policies are appropriate to the Council's circumstances, consistently applied and adequately disclosed.

I planned and performed my audit so as to obtain all the information and explanations which I considered necessary in order to provide sufficient evidence to give reasonable assurance that the annual financial statement is free from material misstatement, whether caused by fraud or error.

Opinion on the financial statement

In my opinion the annual financial statement, which has been prepared in accordance with the Code of Practice and Accounting Regulations for local authorities, presents fairly the financial position of Roscommon County Council at 31 December 2022 and its income and expenditure for the year then ended.

Statutory Audit Report

I have also prepared an associated audit report as provided for in Section 120(1)(c) of the Local Government Act, 2001.

STATEMENT OF ACCOUNTING POLICIES

1. General

The accounts have been prepared in accordance with the Accounting Code of Practice ACoP on local authority accounting, as revised by the Department of Housing, Local Government and Heritage (DHLGH) at 31st December 2022. Non-compliance with accounting policies as set out in ACoP must be stated in the Policies and Notes to the Accounts.

2. Statement of Funds Flow (Funds Flow Statement)

A Statement of Funds Flow was introduced as part of AFS 2011. While the guidance of International Accounting Standard 7 Statement of Cash Flows has been followed, the business of local authorities is substantially different to most private sector organisations and therefore some minor changes to the format have been agreed to ensure the data displayed is meaningful and useful within the local government sector. For this reason the statement is being referred to as a 'Statement of Funds Flow'. The financial accounts now include a Statement of Funds Flow shown after the Statement of Financial Position (Balance Sheet). Notes 17 – 22 relate to the Statement of Funds Flow and are shown in the Notes on and forming part of the Accounts section of the AFS. Note 19 details Project/Non Project/ Affordable/Voluntary balances, which can be either a debit or a credit balance. The funds flow assumes that these are debit balances and bases the (Increase)/Decrease description on this.

3. Accruals

The revenue account has been prepared on an accrual basis in accordance with the Code of Practice. The capital account is prepared on a cash basis, apart from transactions relating to development contribution invoices which are shown as accruals. However, it should be noted that development contributions are allocated to projects on a cash basis only.

4. Interest Charges

Loans payable can be divided into the following two categories:

- Mortgage related loans
- Non-mortgage related loans

4.1 Mortgage Related Loans

Mortgage related loans have a corresponding stream of income from long term advances (i.e. monies lent by the local authorities to borrowers), for the purchase of houses. Only the interest element is charged or credited to the Statement of Comprehensive Income (Income and Expenditure Statement).

4.2 Non-Mortgage Related Loans

Note 7 to the accounts sets out the types of borrowing under this heading. Loans relating to assets/ grants, revenue funding will not have a corresponding stream of income. Bridging finance will eventually become part of permanent funding. Loans in respect of the other headings will have a corresponding value in Note 3.

5. Pensions

Payments in respect of pensions and gratuities are charged to the revenue account in the accounting period in which the payments are made. The cost of salaries and wages in the accounts includes deductions in respect of pension contributions (including Widows and Orphans) benefits under the Local Government Superannuation Scheme and the Single Public Service Pension Scheme.

The Single Public Service Pension Scheme ("Single Scheme") commenced with effect from 1 January 2013. Employee contributions for the Single Scheme continue to be deducted by local authorities but are remitted centrally to DPER.

6. Agency and Other Services

Expenditure on services provided or carried out on behalf of other local authorities is recouped at cost or in accordance with specific agreements.

7. Provision for Bad & Doubtful Debts

Provision has been made in the relevant accounts for bad and doubtful debts.

8. Fixed Assets

8.1 Classification of Assets

Fixed assets are classified into categories as set out in the Statement of Financial Position (Balance Sheet). A further breakdown by asset type is set out in note 1 to the accounts.

8.2 Recognition

All expenditure on the acquisition or construction of fixed assets is capitalised on an accrual basis.

8.3 Measurement

A Statement of Financial Position (Balance Sheet) incorporating all of the assets of the local authority was included for the first time in the Annual Financial Statement for 2003. The assets were valued based on the 'Valuation Guideline' issued by the DHPLG. All assets purchased or constructed as from 1/1/2004 have been included at historical cost. Accounting policies relating to leases are currently being developed and will be reflected in the financial statements at a future date.

8.4 Revaluation

As set out in a revision to the Accounting Code of Practice it is policy to show fixed assets at cost. Maintenance and enhancement costs associated with Infrastructure assets are not currently included in fixed assets but will be reviewed at a future date. Due to their physical nature the vast majority of assets are unique to local authorities and are not subject to disposal. Any loss or gain associated with the net realisable value of the remaining general assets subject to disposal, are accounted for at time of disposal.

8.5 Disposals

In respect of disposable assets, income is credited to a specific reserve and is generally applied in the purchase of new assets. Proceeds of the sale of local authority houses are to be applied as directed by the DHLGH.

8.6 Depreciation

Under the current method of accounting, the charge for depreciation is offset by the amortisation of the source of funding the asset. This method has a neutral impact on Income & Expenditure and consequently the charge for depreciation and the corresponding credit from amortisation is excluded from the Statement of Comprehensive Income (Income & Expenditure Statement).

Asset Type Bases Depreciation Rate Plant & Machinery - Long Life S/L 10% - Short Life S/L 20% Equipment S/L 20% Furniture S/L 20% Nil Heritage Assets Nil Library Books Playgrounds S/I20% Parks S/I 2% Landfill Sites (*See note) Water Assets - Water schemes S/L Asset life over 70 years S/L - Drainage schemes Asset life over 50 years

The policies applied to assets subject to depreciation are as follows:

The Council does not charge depreciation in the year of disposal and will charge a full year's depreciation in the year of acquisition.

* The value of landfill sites has been included in note 1 under land. Depreciation represents the depletion of the landfill asset.

9. Government Grants

Government grants are accounted for on an accrual basis. Grants received to cover day-today operations are credited to the Statement of Comprehensive Income (Income & Expenditure Statement). Grants received, relating to the construction of assets, are shown as part of the income of work-in-progress. On completion of the project the income is transferred to a capitalisation account.

10. Development Debtors & Income

Short term development levy debtors are included in note 5. Income from development contributions not due to be paid within the current year is deferred and not separately disclosed in the financial statements.

11. Debt Redemption

The proceeds from the early redemption of loans by borrowers, are applied to the redemption of mortgage related borrowings from the HFA and OPW.

12. Lease Schemes

Rental payments under operating leases are charged to the Statement of Comprehensive Income (Income & Expenditure Statement). Assets acquired under a finance lease are included in fixed assets. The amount due on outstanding balances is shown under current liabilities and long-term creditors.

13. Stock

Stocks are valued on an average cost basis.

14. Work-in-Progress and Preliminary Expenditure

Work-in progress and preliminary expenditure is the accumulated historical cost of various capital related projects. The income accrued in respect of these projects is shown in the Statement of Financial Position (Balance Sheet) as 'Income WIP'.

15. Interest in Local Authority Companies

The interest of Roscommon County Council in companies is listed in Appendix 8.

16. Related Parties

A related party transaction is a transfer of resources, services or obligations between the local authority and a related party. The main related parties for a local authority include the following:

- i. Management and Personnel
- ii. Council Members
- iii. Government Departments
- iv. Local Authority Companies

Local Authority council members and key personnel are bound under the relevant sections of the Local Government Act 2001 and subsequent amending legislation to:

- a. furnish an annual declaration of 'declarable interests' set out in section 175 of the Act;
- b. disclose under sections 167, 178 and 179 any beneficial interests that they or a connected person has; and
- c. follow a code of conduct issued by the Minister for the Housing, Local Government and Heritage under section 169 of the Local Government Act 2001 in 2004.

'Declarable interests' cover both financial and certain other interests such as land etc.

Local authority management and personnel salary and remuneration is determined by the Department of Housing, Local Government and Heritage in line with central government policy on rates of pay.

Local Authority interests in companies and joint ventures are disclosed in Appendix 8 to the Annual Financial Statements.

Local Authority transactions with government departments are governed by central government controls and procedures driven by government accounting rules.

The following table shows the difference between the adopted estimates and the actual outturn in respect of both expenditure and income:

23. Accounting for the Rates Waiver/Credit in Lieu in relation to Commercial Rates

The Government continued its unprecedented support for the local government sector, with the provision of a targeted commercial rates waiver to cover the hospitality, arts, leisure and entertainment sectors, travel agency and airports sector, for quarter 1 of 2022, at a cost of €62 million.

The cost of this support is reported in Appendix 1 as a Payment of Subsidies and Grants under the Operational Expenses heading. The income appears in Appendix 3 under the Department of Housing, Local Government and Heritage under Miscellaneous. The credit in lieu is reported in Appendix 7 under Waivers/Credits. The full Rates Accrued Income for 2022 appears in the Income and Expenditure Account as normal.

24. Accounting for Climate Action

Expenditure in relation to Climate Change is accounted for in the area where the expenditure is incurred e.g. Housing, Roads, etc. This is in line with the Local Authorities costing system where the full cost of a service/sub-service must reflect all the costs associated with the service.
