County Surveyor's Report.

"The very wet weather prevailing lately has
" softened the roads considerably and made
" frequent attention to them most necessary. They
" seem to me however to be receiving a good
" deal of attention and to be in tolerable condition.
" Since your last Quarterly Meeting about
" 550 tons of stone have been applied to the
" road at Jamestown and Steam-rolled completing
" 140 perches. A further lot of about 300 tons
" is to be applied to the same road near
" Carrick and the whole road is receiving careful
" darning. In a short time the roller will go
" on to the Leitrim road and proceed to

" effect a considerable improvement there.
" At the risk of being tiresome I venture to
" point out again that the expenditure under
" Direct Labour is strictly limited to the
" amount allowed by the District Council, and
" that is the same as was before approved
" of for contracts.
" I estimate the expenditure on roads for
" the next financial year at £1951. 10. 1 the
" limit is £1.900. which is exceeded by
" £51. 10. 1."

"Read."

In Accordance with the Resolution passed by the Council at their Adjourned Quarterly Meeting on the 2nd. instant, a Special Adjourned Meeting was held on this date.

Read - Letter from Local Government Board, NO 24.076, dated 7th. May 1912. Stating That the Board have had before them the Minutes of Proceedings of the Council at their adjourned quarterly meeting from which they observe that the meeting was further adjourned to the 9th. instant " for the purpose of receiving " tenders for all works for which no tenders were received to day.

And they draw attention to the terms of Article 24 (1) of the Local Government

(Procedure of Councils) Order, 1898, as amended, which prescribes the course to be adopted by the Rural District Council when no tenders are received at the adjourned quarterly meeting. The Council in issuing further advertisements inviting tenders appear to have acted irregularly and they should proceed in accordance with the requirements of the Article above-mentioned.

"Read."

Resolution

Proposed by Mr. Patick Beirne
Seconded by Mr. James McDermott
And passed Unanimously.

"That we the Carrickon Shannon No. 1 "Rural District Council request the "County Council to adjourn the consideration "of the proposals for three months for "which no tenders were received at "the Adjourned Quarterly Meeting on the "2nd" instant, and not to place them "in the hands of the County Surveyor "for a period of 12 months, so that this "Council will have an opportunity of "reconsidering these proposals at our "next quarterly meeting, and have the "Specifications as now drafted by the "County Surveyor revised."

County Surveyor's Report.

The roads are as a rule in tolerable condition owing largely to the fine weather prevaling for the past five or six weeks. Some Contractors have however been remiss in attending to their roads during the summer, notably the contractr for the road between Drumsna and Annaduff.

A great deal of useful work has been done on the roads under Direct Labour especially in the matter of raising the sides and

and getting stone broken for the winter. The Steam rolling of Carrick to Longford road to which the Road Board is contributing is proceeding rapidly and will I hope be completed in a few months.

The Hartley Bridge is now almost finished. The work has been carried out with the greatest care and skill, and will I believe to credit to the Firm who are erecting it. (Messrs. Moss & Sons).

It is time to think now about making the road on our side of the river up to the bridge. I shall be glad to have the opinion of the Council on this matter, and to take the necessary steps to carry out their wishes.

County Surveyors Repnt.

"A great deal of work has been done already this Season on the leading roads and the improvement in them is, in my opinion, very marked. The case of the bye-roads is not quite so satisfactory but I am in hopes that the contractors will do their work at once and so avoid the unpleasantness of a prosecution.

My estimate for road expenditure for the nesct financial year is £2,122.0.11 which exceeds the legal limit by £222.0.11. This is a circumstance to be regretted, but is not really so bad as it looks for the following reason. The authorised road expenditure in this district is the lowest in the whole County compared with the valuation. It amounts to 1.5¼ in the pound. In the other Districts the authorised expenditure is as follows:-
Ballinamore 1.7¼. Kinlough 2.6½.
Manorhamilton 2.1. Mohill 1.9

I think therefore that it would be only reasonable that your powers should be increased to an expenditure of say £2500.0.0 which would be 1.10¾ in the pound."

The roads are as a rule in fair order. Improvements in the way of widening, trunking high bridges and gullets are being carried out extensively on the leading roads which will have a very good effect after a while The Steam-rolling of the Jamestown road is now in progress and will soon be completed with the exception of the short piece near Carrick which has to be raised above flood level. I have put in the list of proposals two recommendations for Steam-rolling other portions of the Sligo to Longford road to which the Road Board will contribute half the

estimated cost. These if adopted will complete this road so far as it runs through the Cainchon Shannon No 1 District. I am putting before you the construction of the road to Hartley Bridge. I wish to point out in regard to this that this proposal refers only to the road and does not include the embanked approach which will have to be made at the end of Bridge as it stands.

"The greater part of the main Roads in the

The County Surveyor Reports.

Notwithstanding the wet weather of the past three months the roads are as a rule in a fair state of repair. I am glad to say that a good deal of work has been done on the new road in the Yugan Electoral Division for which John Early is contractor. I am recommending a payment on this road but as the time specified for making the road has expired the special permission of the Local Government Board will have to be obtained before money can be paid.

The raising of the flooded section of the Jamestown road which was delayed by the weather is now being pushed on rapidly and will I expect soon be completed.

County Surveyors Report.

"The roads generally are in fair order notwithstanding the severe weather of the last month. Those under Direct Labour have been well maintained and carefully repaired. The Scheme of Direct Labour comes up at this Meeting for renewal.

It is substantially the same as the existing Scheme with the addition of some roads for which you cannot get contractors and which are therefore put into my hands and a few others which I think it desirable to include.

My estimate of road expenditure in the next financial year is £2491. 6. 11 which is an increase on last years estimate of £89. 4. 11. about £15 of this is due to the Direct Labour Scheme as I think it necessary to

" to increase the price of the road from
" Drumshanbo to the Gaskey Bridge on which

"The recent heavy rain has made it necessary that the roads should be cleaned and drained without delay.

The traffic about Drumshanbo being particularly heavy the roads in the neighbourhood get cut up very quickly and are difficult to keep in order.

To provide for this a large quantity of stone, about 1000 tons, is in process of being broken for use on the roads in the Drumshanbo Direct Labour System.

An exceptionally heavy flood took place on the 9th August which caused a considerable

"amount of damage. to County Works.
"The most serious item was the
"total destruction of the bridge at the
"Stoney River on the road from
"Drumshanbo to Dowra. As the
"traffic was completely stopped I made
"arangements immediately for the erection of
"a temporary bridge which was put
"up by W. Myles Mc Vague, Drumristin,
"who went to work at once and contrived
"very successfully. to minimise the
"inconvenience to the Public. The
"rebuilding of the Bridge will be a work
"of some magnitude.
"I am told by elderly people that
"the foundations of the old Bridge were
"carried to a depth of twelve feet or
"more below the bottom of the river.
"Before making any definite plans
"for a new bridge I think it would be
"advisable to sink one or two trial pits

"am putting a proposal before you to

"That we the Cairick on Shannon No 1 Rural "District Council request the Congested Districts "Board to erect a new bridge across the "Yellow River between the townlands of "Aughrim and Coolubber in the Electoral "Divisions of Drumreilly East and Drumreilly "West. The Bridge which was originally

"carried away by the recent floods
"The work is a very necessary

The Minutes of last Meeting were read and signed.

County Surveyor's Report.

The roads have been kept fairly well for the past quarter and the quantity of material supplied during the past winter close up to the Specification.

A good deal of useful work has been done on the Direct Labour Sections. The new road in Sradrina is now finished. I consider the contractor has done wonders to make so good a job on ground so difficult, and at so small a price. The road in Gatnaguillion is also well advanced and should be completed in a month or two.

The Local Government Board has called attention to the fact that your Road Expenditure

for the financial year beginning on the 1st. of this month exceeds the limit. To prevent danger of surcharge it is necessary that your powers of Expenditure should be increased.

I would suggest that you should pass a resolution asking the County Council to obtain sanction for an extension of the limit now fixed at £2.300 to £2.500.

In view of the heavy expense which you will soon have to face in the rebuilding of the Stoney River Bridge I don't think this would at all be too much.
