Local Government Board,
Dublin, 27th February, 1920.

SIR—I am directed by the Local Government Board for Ireland to state, for the information of the Roscommon Board of Guardians and Rural District Council, that on the 21st November last the Local Government Board received a deputation from the Union and Rural District Clerks' Association who complained that their remuneration was inadequate in present day financial circumstances, and they requested the Local Government Board to intervene in their behalf. It was then decided that in the first instance the Association should approach the Boards of Guardians and Rural District Councils throughout the country and submit to them proposals for scales of graded salaries for the clerks and assistant clerks, and so elicit the views of the local bodies. A second deputation from the Clerks' Association waited upon the Board on the 20th inst and submitted to them the proposals that had been placed before the several Boards and Councils. They stated that in a number of cases their applications had been ignored, and they urged the Board to fix the salaries themselves by order under seal. The Board promised the deputation that they would give the question their consideration. They are anxious to support the Clerks' Association in all proper steps to secure for their members scales of remuneration that are reasonable and commensurate with the extent and responsibility of their duties, and at the same time fair to the ratepayers. The Board would, therefore, be glad if the Roscommon Board of Guardians and Rural District Council will be so good as to favour them within the next three weeks with their views upon the scales of salary, applicable to the clerkship of the Union and Rural District, put forward by the Clerks' Association, or will instead formulate scales suitable in their judgment to meet the circumstances of the union and district. The Board feel that with the views of the local authorities and clerks before them they will be able to arrive at a decision which will be fair to both sides.

I am, Sir,
Your obedient servant,
A. R. BARLAS, Secretary.

The Presiding Chairman,
Roscommon Board of Guardians
and Rural District Council.

Pursuant to notice the Council considered the attached copy of L.G.B. letter of 27/2/20 (7410) re Scales of Salaries put forward by the Union and Rural District Clerks Association.

Mr. Brennan moved and Mr. Feeley seconded - that no action be taken

Mr. McGreevy proposed and Mr. Hayden seconded - that a Committee be appointed to go into the matter

On a poll Mr. Brennan's motion was carried by 4 to 3.

19.3.1922 From L.G. Department, – Circular re repairs to Labourers Cottages, stating the Councils do not follow any settled procedure in connection with this matter, and that in some cases large discretionary powers are allowed to Engineers and Clerks of Works, while the Councils in other districts rely on reports from Rent Collectors or individual Councillors. The result of this varied practice is that large sums of money are expended on repairs, and that no effective supervision of the expenditure can be exercised from this Department. It is essential that all undertakings of Local Bodies should be carried out with regard to efficiency and economy and the Ministry have decided that in all cases where the estimated cost of repairs to a cottage exceeds the sum of £5.0.0, an estimate and specification of the works shall be forwarded to this Department for approval, before tenders are accepted or any steps taken by the Council to have the repairs executed by direct labour or otherwise. Minor works, the estimated cost of which does not exceed £5.0.0 should be briefly specified in the Minutes of the meeting previous to that at which tenders are accepted for them or orders given for their execution by Direct Labour.

"Explanation from Mr. Stroker."

6.1922 From Mr. William Stroker, Cottage Rent Collector, – Report that he has great difficulty in collecting the rent of Cottages as at the time he was appointed no rent had been collected from any of the tenants for a period of about six months, and in the majority of cases arrears ranging from six to twelve months were due. In addition a great many of the tenants complain that they have not been able to obtain employment and are not therefore in a position to pay the rent. He shall be glad to have the Councils directions as to proceedings in cases where there are more than three months rent due. 1·6·1922 From The General President, Irish Transport and General Workers Union, – Stating they had been asked by members in occupation of Cottages belonging to the Roscommon R.D.C. to take up with the Council the question of increased rents, that they were informed that it is the intention of the Council to add a sum of 4d. per month to the present rents, and that while admitting the particular amount is small they wish to place on record their objection to the principle of an increase under present circumstances. 5·19

"The rent of the Labourers Cottages to be fixed at 4/4 per month from the 1st June in Roscommon and Stokestown except those that are paying a lesser rent."
