SECTION 5 - DECLARATION ON DEVELOPMENT AND EXEMPTED DEVELOPMENT

CHIEF EXECUTIVE'S ORDER

Order No:

PL/1042/26

Reference Number:

DED 1048

Name of Applicant:

William Nolan

Agent:

Gerry Cregg, Teagasc, Castlerea, Co. Roscommon.

WHEREAS a question has arisen as to whether the replacement and upgrading of an existing meal bin with a similar sized bin, in the same site location at Carrantogher, Elphin, Co. Roscommon, F45 R884, is or is not development and is or is not exempted development:

AND WHEREAS Roscommon County Council, in considering this application, had regard particularly to:

- (a) Sections 2, 3, 4 and 5 of the Planning and Development Act, 2000, as amended.
- (b) Articles 6 and 9 of the Planning and Development Regulations, 2001, as amended.
- (c) Class 8 Part 3 Schedule 2 Article 6 of the Planning and Development Regulations 2001, as amended.
- (d) The record forwarded to Roscommon County Council in accordance with subsection (6)(c) of Section 5 of the Planning and Development Acts 2000 as amended.
- (e) The planning history of the site.

AND WHEREAS Roscommon County Council has concluded that:

- The works outlined above are development.
- The proposed development individually and in combination with other plans or projects would not be likely to have a significant effect on any European site and that the requirement for AA or EIAR does not apply with respect to the current case.
- The proposed development exceeds the conditions and limitations attached to Class 8 Part 3 Schedule 2 Article 6 of the Planning and Development Regulations 2001, as amended, therefore the proposed development is deemed not exempt.

NOW THEREFORE:

By virtue of the powers vested in me by the Local Government Acts 1925 – 2024 and Section 5(2)(a) of the Planning and Development Act 2000 (as amended) and having considered the various submissions and reports in connection with the application described above, it is hereby declared that the said development for the replacement and upgrading of an existing meal bin with a similar sized bin at Carrantogher, Elphin, Co. Roscommon, F45 R884, is development that is not exempted development as defined within the Planning and Development Act 2000 (as amended) and associated Regulations.

Section 5 of the Planning and Development Act 2000 (as amended)**

Reference Number:	DED 1048
Re:	Application for a Declaration under Section 5 of the Planning & Development Act, 2000, as amended, regarding Exempted Development as to whether the replacement and upgrading of an existing meal bin with a similar sized bin, in the same site location is or is not development and is or is not exempted development.
Name of Applicant:	William Nolan
Location of Development:	Carrantogher, Elphin, Co. Roscommon, F45 R884
Site Visit:	13th July 2026

WHEREAS a question has arisen as to whether the following works the replacement and upgrading of an existing meal bin with a similar sized bin, in the same site location **at the above address is or is not development and is or is not exempted development.**

I have considered this question, and I have had regard particularly to –

- (a) Sections 2, 3, 4 and 5 of the Planning and Development Act, 2000, as amended.
- (b) Articles 6 and 9 of the Planning and Development Regulations, 2001, as amended.
- (c) Class 8 Part 3 Schedule 2 Article 6 of the Planning and Development Regulations 2001, as amended.
- (d) The record forwarded to Roscommon County Council in accordance with subsection (6)(c) of Section 5 of the Planning and Development Acts 2000 as amended.
- (e) The planning history of the site.

Site Location & Development Description

The site consists of an existing farmyard with agricultural structures/sheds present. The subject site is situated in the townland of Carrantogher c. 3km northwest of Elphin. The existing farmyard is accessed off the N-61 National Road. The proposed development consists of the replacement and upgrading of an existing meal bin with a similar sized bin, in the same site location.

Archaeological and Cultural Heritage

No RMP recorded in the likely zone of influence of the proposed development. No Protected structures or structures listed in the National Inventory of Architectural Heritage in the likely zone of influence of the proposed development.

Appropriate Assessment

The closest European sites to the proposed development is Annaghmore Lough (Roscommon) SAC (Site Code 001626) located c. 8km southeast of the subject site.

Having regard to the separation distance between the site and the closest Natura 2000 site and the nature of the proposal, there is no real likelihood of significant effects on the conservation objectives of these or other European sites arising from the proposed development. The need for further Appropriate Assessment can, therefore, be excluded.

Planning History

PD/23/60230

Development Description: Permission to construct (1) Manure Pit (2) Calf Shed together with ancillary concrete and all associated site works

Applicant: Liam Nolan

Decision: Conditional

Relevant statutory provisions

Planning and Development Acts 2000 (as amended)

Section 2. -(1)

“works” includes any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal and, in relation to a protected structure or proposed protected structure, includes any act or operation involving the application or removal of plaster, paint, wallpaper, tiles or other material to or from the surfaces of the interior or exterior of a structure.

Section 3. -(1)

In this Act, “development” means, except where the context otherwise requires, the carrying out of any works on, in, over or under land or the making of any material change in the use of any structures or other land.

Section 4 (2) of the Planning and Development Act provides that the Minister, by regulations, provide for any class of development to be exempted development. The principal regulations made under this provision are the Planning and Development Regulations.

Planning and Development Regulations, 2001 as amended

Article 6 (1)

Subject to article 9, development of a class specified in column 1 of Part 3 of Schedule 2 shall be exempted development for the purposes of the Act, provided that such development complies with the conditions and limitations specified in column 2 of the said Part 3 opposite the mention of that class in the said column 1.

Article 9 (1) (A) applies;

Development to which article 6 relates shall not be exempted development for the purposes of the Act

(vii) consist of or comprise the excavation, alteration or demolition (other than peat extraction) of places, caves, sites, features or other objects of archaeological, geological, historical, scientific or ecological interest, the preservation, conservation or protection of which is an objective of a development plan or local area plan for the area in which the development is proposed or, pending the variation of a development plan or local area plan, or the making of a new development plan or local area plan, in the draft variation of the development plan or the local area plan or the draft development plan or draft local area plan,

Class 8 Part 3 Schedule 2 Article 6

Development Description	Conditions and Limitations
<i>Agricultural Structures</i> CLASS 8 Works consisting of the provision of roofless cubicles, open loose yards, self-feed silo or silage areas, feeding aprons, assembly yards, milking parlours or structures for the making or storage of silage or any other structures of a similar character or description, having an aggregate gross floor space not exceeding 200 square metres, and any ancillary provision for effluent storage.	1. No such structure shall be used for any purpose other than the purpose of agriculture. 2. The gross floor space of such structures together with any other such structures situated within the same farmyard complex or within 100 metres of that complex shall not exceed 300 square metres gross floor space in aggregate. 3. Effluent storage facilities adequate to serve the structure having regard to its size, use and location shall be constructed in line with Department of Agriculture, Food and Rural Development and the Department of the Environment and Local Government requirements and shall have regard to the need to avoid water pollution. 4. No such structure shall be situated, and no effluent from such structure shall be stored, within 10 metres of any public road. 5. No such structure within 100 metres of any public road shall exceed 8 metres in height. 6. No such structure shall be situated, and no effluent from such structure shall be stored, within 100 metres of any house (other than the house of the person providing the structure) or other residential building or school, hospital, church or building used for public assembly, save with the consent in writing of the owner and, as may be appropriate, the occupier or person in charge thereof. 7. No unpainted metal sheeting shall be used for roofing or on the external finish of the structure.

Environmental Considerations

With regard to Article 9 (1)(a) of the Planning and Development Regulations 2001 (as amended), it is reasonable to conclude, on the basis of the information available, that the proposed development individually and in combination with other plans or projects would not be likely to have a significant effect on any European site and that the need for AA does not apply with respect to the current case.

I am satisfied that an Environmental Impact Statement or Appropriate Assessment are not required. It should be noted that any development for which Environmental Impact Assessment or Appropriate Assessment is required shall not be exempted development unless specifically exempted in regulations where there is provision in other legislation for the carrying out of EIA or AA. In addition, the restrictions on exemption Article 9 (1)(a) (viiB) exclude development which would otherwise be exempted development under these regulations where an AA is required.

Assessment

In accordance with the Planning and Development Act, 2000, as amended Section 3. (1) development is defined as the following: "In this Act, "development" means, except where the context otherwise requires, the carrying out of any works on, in, over or under land or the making of any material change in the use of any structures or other land". The proposed development is considered to be the carrying out of works. Works are defined in the Act as; "works" includes any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal and, in relation to a protected structure....". It is considered that said works constitute development, as defined in Section 3 of the said Act.

Extent of Works

- The replacement and upgrading of an existing meal bin with a similar sized bin, in the same site location.

CLASS 8

1. The proposed use is agriculture.
2. The gross floorspace of all such structures (Class 8) within the same farmyard complex does not appear to exceed 300 metres gross floorspace in aggregate.
3. N/A
4. The proposed structure is located **LESS** than 10 metres from a public road (circa 5m).
5. The proposed structure does not exceed 8 metres in height (6.7m).
6. The proposed structure is situated **LESS** than 100 metres from the nearest non-applicant residential dwelling (98m) – no letter of consent provided.
7. The external material proposed will consist of galvanised steel.

Recommendation

WHEREAS a question has arisen as to whether a proposed development; the replacement and upgrading of an existing meal bin with a similar sized bin at Carrantogher, Elphin, Co. Roscommon, F45 R884, is or is not development and is or is not exempted development, I have considered this question, and I have had regard particularly to –

- (a) Sections 2, 3, 4 and 5 of the Planning and Development Act, 2000, as amended.
- (b) Articles 6 and 9 of the Planning and Development Regulations, 2001, as amended.
- (c) Class 8 Part 3 Schedule 2 Article 6 of the Planning and Development Regulations 2001, as amended.
- (d) The record forwarded to Roscommon County Council in accordance with subsection (6)(c) of Section 5 of the Planning and Development Acts 2000 as amended.
- (e) The planning history of the site.

AND WHEREAS I have concluded that

- The works outlined above are development.
- The proposed development individually and in combination with other plans or projects would not be likely to have a significant effect on any European site and that the requirement for AA or EIAR does not apply with respect to the current case.
- The proposed development exceeds the conditions and limitations attached to Class 8 Part 3 Schedule 2 Article 6 of the Planning and Development Regulations 2001, as amended, therefore the proposed development is deemed not exempt.

AND WHEREAS I have concluded that the said development for the replacement and upgrading of an existing meal bin with a similar sized bin at Carrantogher, Elphin, Co. Roscommon, F45 R884, is not exempted development. I recommend that a declaration to that effect should be issued to the applicant.
