Foreword

Tourism is a powerful driver of economic growth, cultural exchange, and environmental sustainability. As we look to the future, it is crucial that we not only preserve the unique assets of our County but also enhance its appeal to visitors from around the world.

This strategy is the result of careful planning, collaboration, and a shared vision for the future of tourism in County Roscommon. It reflects our commitment to creating a sustainable, inclusive, and innovative tourism ecosystem that benefits local communities, businesses, visitors and the environment alike.

This document outlines the vision, strategic pillars, and actions we will undertake to transform our tourism sector, ensuring that it remains dynamic, resilient, and globally competitive. It emphasises responsible tourism, the protection of our natural and cultural heritage, and the creation of memorable infrastructure and experiences that leave a lasting positive impact.

Together, we can foster an environment where tourism thrives while maintaining our respect for people and places. With this strategy, we are shaping the future of County Roscommon making it the destination of choice for generations to come.

Let us embrace this vision with enthusiasm and determination, as we work together to achieve our shared goals.

Choose Roscommon for a richer life.

Overview

1.1 Background & Introduction

The Tourism Department in Roscommon County Council is part of the Economic, Planning and Physical Development Directorate, and is a core function of the local authority responsible for the development and promotion of tourism in County Roscommon.

The overall objective of Roscommon Tourism is to develop and promote County Roscommon as a year round immersive tourist destination that offers high quality visitor experiences.

County Roscommon is centrally located in Ireland's Hidden Heartlands, Fáilte Ireland's tourism branded midlands region known for its scenic beauty, tranquil landscapes, and rich cultural heritage.

Tourism in the Ireland's Hidden Heartlands region was worth €307m to the regional economy in 2019 (€178m from international visitors and €129m from domestic visitors) and the sector sustains almost 7,000 jobs.¹

Tourism is an important economic driver in County Roscommon. In 2023, Fáilte Ireland reported total visitor numbers of 202,179 across 12 of Roscommon's tourist paid attractions, generating an estimated total spend of €11,352,264 in the local economy.²

Roscommon has a range of natural and built attractions and a variety of festivals and events aimed at attracting visitors to the county. Highlights include Lough Key Forest and Activity Park, Strokestown Park - The National Famine Museum, Baysports at Hodson Bay, Arigna Mining Experience, King House and Rathcroghan Royal Site & Visitor Centre, one of the six Royal Sites of Ireland. Roscommon has the longest shoreline of the River Shannon; 140km of shoreline which represents significant tourism potential.

1. Overview

Significant progress has been made in developing Roscommon as a key tourism destination with the implementation of the actions contained in the *Roscommon Tourism Statement of Strategy 2017-2022*. The Visit Roscommon brand is growing in prominence and success with the development of a new Visit Roscommon website and active social media channels with high engagement rates.

Roscommon County Council is continuing to work with partner agencies, the tourism trade and the community to improve visitor experiences, develop new products and amenities to grow tourism in the county.

Significant infrastructural projects have been delivered through the ORIS Scheme to enhance the outdoor recreational offering in Roscommon improving our walks and trails and improving access to our lakes and rivers. Marketing efforts have been strengthened through collaborations with influencers, strategic partnerships with television programmes, and targeted digital marketing campaigns, all aimed at amplifying brand awareness.

Financial and marketing support for festivals and events has increased with a wide range of festivals and events taking place across the county each year. However, some challenges persist as we move forward. The lack of availability of good quality accommodation in County Roscommon is a current issue and inhibits our potential to grow tourism in the county.

This Tourism Strategy sets out five key strategic pillars with specific actions to grow the tourism sector in County Roscommon over the next five years. The strategy aims to build on the existing tourism brand and to support the development of new visitor experiences that improve the overall tourism product offering in the county. There is significant potential for development of the tourism sector in County Roscommon which must be harnessed.

1.2 Sustainable Tourism Approach

Adopting a Sustainable Tourism approach to the development of this strategy is vital to ensure the long-term viability of Roscommon as a destination, while simultaneously benefiting local communities, conserving natural and cultural resources, and minimising the negative impacts of tourism in Roscommon.

The aim of a sustainable tourism approach is to create a balance between the environmental, social, and economic dimensions of tourism, ensuring that tourism can be enjoyed today without compromising the ability of future generations to do the same.

The internationally recognised VICE model for sustainable tourism development identifies sustainable tourism as the interaction between Visitors, the Industry that sustains the destination, the Community that hosts the visitor and the Environment where it all takes place.

SUSTAINABLE DEVELOPMENT GOALS

This strategy also takes into account the United Nations Sustainable Development Goals (SDGs), which are a set of 17 global goals designed to address a broad range of interconnected global challenges, including poverty, inequality, environmental sustainability, peace, and prosperity, with the aim of achieving a better and more sustainable future for all by 2030.

2.2 Roscommon Tourism Assets

Some highlights of the key tourism assets in Roscommon include:

Heritage

Roscommon is steeped in history, with many important archaeological sites in the county that date back to more than 4,500BC. Irish mythological tales of Queen Medb and An Táin Bó Cúailnge, together with captivating stories of the dynastic families of McDermott, O'Connor and King, are all brought to life in our castles, stately homes, museums and visitor centres.

Roscommon Castle: A striking 13th century castle located in the town of Roscommon, offering a glimpse into Ireland's Anglo-Norman past.

Ballintober Castle: An early 14th century castle located in the village of Ballintober, noted for its rare architectural style.

Strokestown Park House & Gardens: A well-preserved Georgian manor house with beautiful gardens, and a state of the art museum focusing on the Great Irish Famine Period.

Rathcroghan Royal Site and Rathcroghan Visitor Centre: Rathcroghan is a major multi-period archaeological landscape that served as the heart of the ancient kingdom of Connacht. The scene of the epic Táin Bó Cuailnge and home of the warrior Queen Medb (Maeve) of Connacht, Rathcroghan is one of the six Royal Sites of Ireland, ancient sites of royal inauguration and is on Ireland's UNESCO World Heritage Tentative List. Rathcroghan Visitor Centre features a museum and guided tours.

Boyle Abbey: A peaceful 12th century Cistercian abbey in Boyle, known for its tranquil setting and historical significance.

2.3 Policies and Plans

The County Roscommon Tourism Strategy 2025-2030 sits within a wider strategic context that provides a rationale and direction for the development of tourism in the county.

National Tourism Policy Framework 2025-2030

This National Strategy aims to:

“facilitate a vibrant, attractive tourism sector that makes a significant contribution to employment across the country; is economically, socially and environmentally sustainable; helps promote a positive image of Ireland overseas, and is a sector in which people want to work”.

The mission is:

“To support a thriving tourism sector by managing Ireland’s cultural and heritage assets, in harmony with local communities, while conserving these resources for use by future generations”.

The framework focuses on 3 strategic objectives:

Environmental

A clean environment is a crucial basis of wellbeing and visitor satisfaction and in 2023 Ireland’s restored nature and scenery will still represent a key part of the tourism offering.

Economic

The tourism sector will be a significant source of employment, earnings and tax revenue, incorporating viable businesses throughout the county.

Social

Ireland’s famous welcome will be maintained through communities who do not feel overburdened by visitors. The tourism sector and local communities will be supported through education and training opportunities to adapt their tourism offerings to respond and adapt to climate change and biodiversity.

Roscommon County Development Plan

The Roscommon County Development Plan is a strategic framework outlining the county's growth, land use, infrastructure, and environmental policies, aiming to guide sustainable development and improve the quality of life for residents and visitors.

Spatial planning has a role in the delivery of a number of objectives in the Tourism Strategy, including the development of flagship projects such as the Hodson Bay Waterfront Park project. It is a policy objective of Roscommon County Council's Development Plan to promote tourism as an integral part of County Roscommon's economic profile, supporting urban and rural enterprise and recognising the key strategic location of the county and access to tourist sites and attractions.

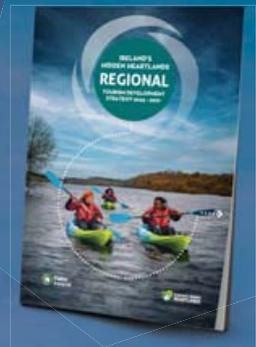

Ireland's Hidden Heartlands Regional Development Strategy

The Ireland's Hidden Heartlands Regional Tourism Development Strategy 2023 – 2027 is a roadmap for the tourism industry and all stakeholders involved in tourism in the region to navigate the current challenges and steer a course towards a sustainable recovery and continued success.

The plan sets out a strategic approach to unlocking the commercial potential of Ireland's Hidden Heartlands. It will ensure focus on tourism development is sustainable and regenerative and that the benefits accrue to local communities and to nature. The Roscommon Tourism Strategy 2025-2030 will assist the Ireland's Hidden Heartlands in delivering.

The strategic objectives of the Ireland's Hidden Heartlands are summarised below:

1

AWARENESS & RECOGNITION

Raise awareness and recognition of the region and brand among domestic and international visitors and increase the duration of visitor stays, particularly within the domestic market.

2

VISITOR EXPERIENCE

Enhance the range and quality of our visitor experiences to underpin the Hidden Heartlands brand proposition, leveraging the natural and cultural assets of the region in a sustainable way with a focus on ecotourism.

3

ECONOMIC IMPACT

Grow the economic impact of tourism and create jobs in local tourism by supporting the tourism industry (private, public and community sectors) to develop its capacity and capability while reducing its carbon footprint.

4

REGENERATIVE TOURISM

Establish the region as one of the leading regenerative tourism destinations in Europe in which tourism results in net positive outcomes for communities and nature.

5

INDUSTRY & STAKEHOLDERS

Build a committed industry and stakeholder coalition to guide and co-ordinate the sustainable development of destinations across the region.

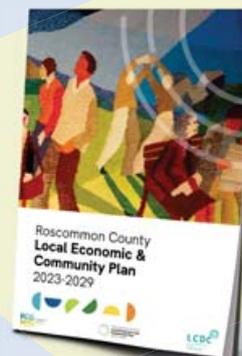

Local and Economic Community Plan 2023-2029

Tourism, and the development of a Tourism Strategy for Roscommon is one of the priority actions identified for County Roscommon in the Local and Economic Community Plan (LECP) 2023-2029.

The LECP is underpinned by six high-level goals, objectives and actions that have been developed in accordance with the unique needs of County Roscommon. The implementation of the plan will be a collaborative effort that will continue to bring a wide variety of stakeholders across the county.

The overall vision for the county over the lifetime of the LECP is that ‘Roscommon is a location of choice to live, visit, learn, work and play.’ The high-level goals together with the associated objectives and actions support the achievement of the overall vision. In effect, whilst there is a specific objective with actions relating to the tourism sector, the work that is underway across all of the high-level goals in the LECP will support and strengthen the tourism potential of the county.

Roscommon is a location of choice to live, visit, learn, work and play.

Upper Shannon, Shannon Erne and Border region Destination and Experience Development Plan

The Upper Shannon, Shannon-Erne, and Border Destination and Experience Development Plan (DEDP) is a strategic initiative aimed at transforming the tourism landscape of North Roscommon, Cavan and Leitrim.

The plan will influence local tourism development, infrastructure investment, and community engagement.

The Mid Shannon and Midlands Destination and Experience Development Plan is currently in development and will aim to influence tourism development in the South Roscommon region.

The Shannon Tourism Masterplan is a collaborative project lead by Waterways Ireland with Fáilte Ireland and the support of the ten local authorities along the River Shannon and Shannon Erne Waterway. The Masterplan sets out an integrated framework for sustainable tourism development along the Shannon and Shannon Erne Waterway and has the potential to position the region as a key tourism destination in Ireland's Hidden Heartlands.

Fáilte Ireland has identified the Shannon as the spine and one of two 'transformational signature products of scale' in Ireland's Hidden Heartlands that are key to unlocking the region's potential. This recognises the value and potential of both the Shannon and Shannon Erne Waterway, and their associated lakes and canals, as a critical corridor for waterbased and land-based tourism activities.

Development of new and enhanced waterside amenities enabling infrastructure in harbour locations which will be transformative for towns and villages located on the Shannon.

Just Transition Funding Scheme

The National Just Transition Fund (JTF) was announced in 2020 as a key pillar of the Government's plan for the Midlands region to support communities transitioning to a low carbon economy.

The focus was on retraining workers and generating sustainable employment in green enterprise across the region.

The objective of the Fund was to facilitate innovative projects that contribute to the economic, social and environmental sustainability of the Wider Midlands region (including East Galway, Kildare, Laois, Longford, North Tipperary, Offaly, Roscommon and Westmeath) and have significant employment and enterprise potential.

Roscommon Outdoor Recreation Strategy

The Roscommon Outdoor Recreation Strategy 2023-2028 was prepared to provide an effective and sustainable framework to maximise current and future opportunities for the participation of outdoor recreation across County Roscommon during this period.

This strategy is closely aligned with the National Outdoor Recreation Strategy (NORS) 2023-2027, Roscommon County Councils Development Plan (2021-2027), Roscommon LECP 2023-2029 and the Tourism Strategy 2017-present.

Strategic Objective Number 3 from the Roscommon Outdoor Recreation Strategy is to:

“Create an awareness of the outdoor recreation opportunities in Roscommon and increase the number of people active in the outdoors from all communities.”

2.4 Tourism Situational Analysis (SCOT)

STRENGTHS

3

Marketing and Communications

Effective marketing and communication strategies are key to raising awareness and recognition of County Roscommon as a tourist destination of choice.

The following actions can help to increase awareness, attract visitors, and position Roscommon as a top location of choice for both domestic and international visitors:

ACTION 1

Strengthen the Visit Roscommon Brand

Develop annual marketing plans, ensure consistent branding across all platforms, and create memorable taglines that reflect the county's unique identity.

ACTION 2

Expand Digital Presence and Content Creation

Prioritise digital marketing by regularly updating the website and social media with fresh blogs, videos, photography, and interactive tools, while phasing in QR code integration for easy access to digital brochures.

ACTION 3

Leverage Influencers and Media Partnerships

Collaborate with influencers, journalists, and bloggers through press trips and campaigns to showcase Roscommon's attractions to key domestic and international markets.

ACTION 4

Promote Festivals, Events, and Local Campaigns

Live-stream major events, maintain an updated events calendar, and support campaigns such as Roscommon Bound to engage both local audiences and the global diaspora.

ACTION 5

Collaborate on Regional and National Campaigns

Partner with Fáilte Ireland, Ireland's Hidden Heartlands, neighbouring counties, and TV production companies to co-create marketing content and regional campaigns.

ACTION 6

Target International Markets and Access Points

Continue working with Tourism Ireland and Ireland West Airport to promote Roscommon internationally through trade shows and marketing initiatives that highlight direct flight access to the region.

Accessible Outdoor Recreation

Developing outdoor recreation in County Roscommon can enhance the slow tourism offering, attract a wide range of visitors, and promote healthy living for both locals and tourists. With its rich natural landscapes, including lakes, rivers, boglands and forests, Roscommon is ideally positioned to offer a variety of outdoor activities.

The actions necessary to develop outdoor recreation in Roscommon over the course of this plan are:

ACTION 1**Develop and Promote Signature Trails and Greenways**

Enhance existing walking, cycling, and greenway trails, promote signature routes, and support TII-led greenway development to attract active tourism.

ACTION 2**Expand Water-Based Tourism Experiences**

Develop a dedicated water trail, support water-based activities on the River Shannon and River Suck, and implement the Lough Key and Hodson Bay Waterfront Park masterplans.

ACTION 3**Improve Trail and Outdoor Accessibility**

Upgrade trail infrastructure to ensure accessibility for all, and support the introduction of bike rental services at key locations.

ACTION 4**Enhance Wildlife and Nature-Based Tourism**

Promote wildlife watching and nature experiences in key natural areas to appeal to eco-conscious visitors.

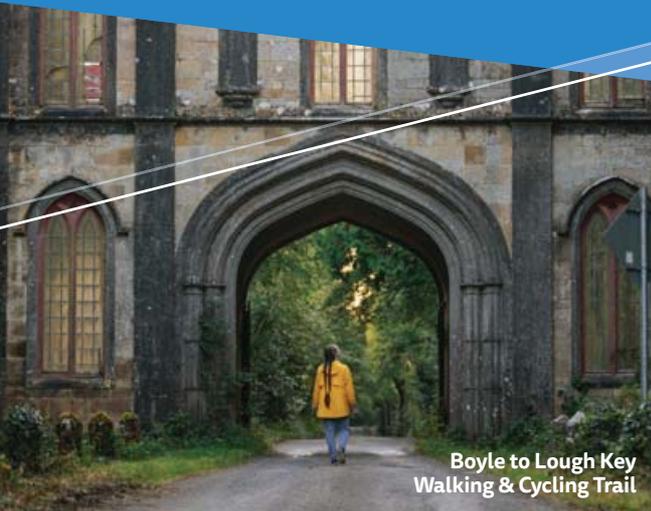

ACTION 5**Invest in Recreational Infrastructure**

Develop public amenities like rest areas, changing rooms, picnic spots, and shelters at popular outdoor and waterside locations.

ACTION 6**Support the River Shannon Discovery Points Initiative**

Roll out and promote Discovery Points along the Shannon to strengthen its role as a central tourism asset.

Strategic Vision Projects

The Vision projects outlined in this section have the potential to substantially transform and grow tourism in County Roscommon. Both projects have received funding from the Fáilte Ireland EU Just Transition Fund Regenerative Tourism and Placemaking Scheme (2023-2026) and will require ongoing support from Roscommon County Council to ensure their delivery. The appropriate environmental assessments will be carried as part of the planning and design process for both projects.

Project 1

Waterways Ireland.**

**EU Just Transition Fund Regenerative Tourism
and Placemaking Scheme (2023-2026)
- Scheme C and D State Agency and
Local Authority Partnerships**

**Category 2 Costs up to detailed design,
planning / consents, construction tendering
and award.**

The Hodson Bay Waterfront Park Project will
involve the development of new lakeside
amenities at Hodson Bay, Athlone, Roscommon.

Project 1

The proposal includes the following main elements:

Water Sports Pavilion

This is a redevelopment of an existing building to provide a modern fit for purpose facility for on water activities, amenities and a café. This will be a unique selling point and major attraction for Hodson Bay.

Marina Enhancement

This will be an expansion and enhancement of the existing marina which will provide increased moorings and facilities for visitors. This increase in capacity and improved access to the water will promote a greater connection for visitors with the lake and encourage longer stays in the area.

Sun Deck and Lagoon

This area will activate the water's edge providing opportunities for rest, relaxation and play and forms the west landside edge of the lagoon area.

Marina Square and Gardens

Addresses the marina, providing a space for programmed activity and events while serving as a functional amenity for marina activities. A small Active Travel Hub provides a nodal point along the proposed cycle network.

Events Space

Located north of the pavilion, provides space for relaxation a little removed from the water and provide an events space.

Enabling Public Realm

Provides for the enabling paths, active travel hubs and parking to enable connection and use of the waterside features above.

Funding was secured from the **EU Just Transition Fund** to deliver the planning and detailed design phase of this project which will be completed over the course of this plan.

Project 2

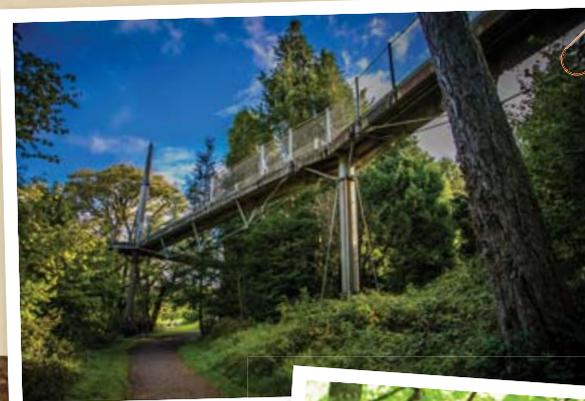

Lough Key Forest & Activity Park Masterplan

Coillte Lead with Roscommon County Council project partner

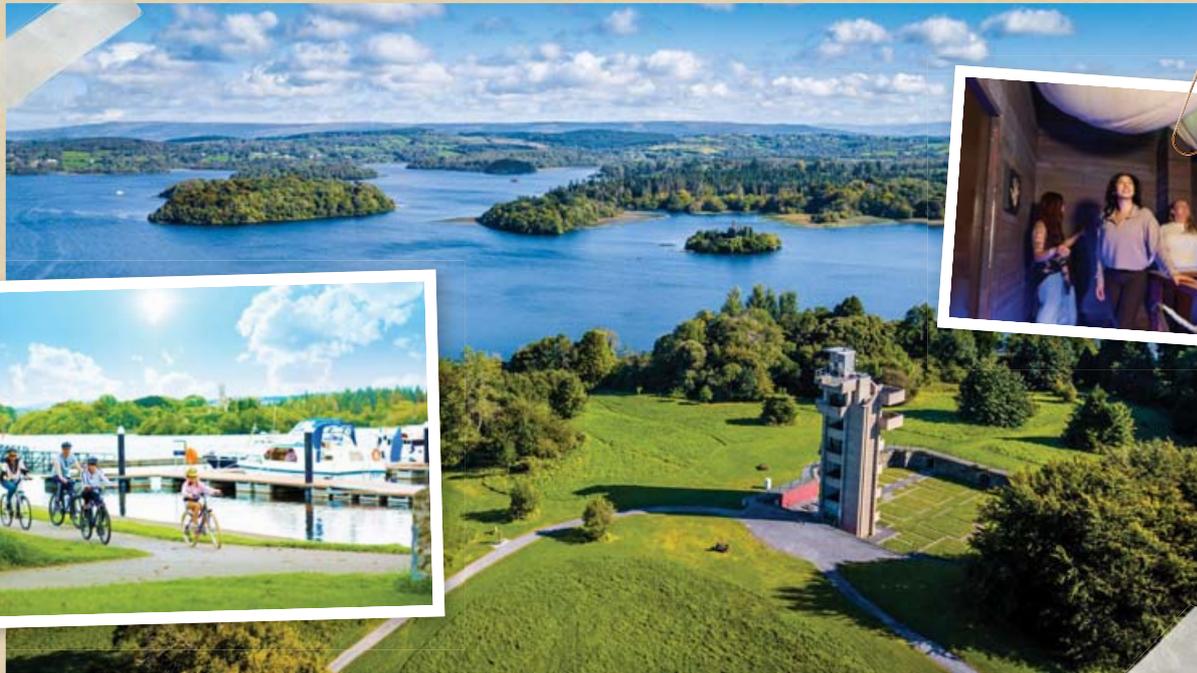

EU Just Transition Fund Regenerative Tourism and Placemaking Scheme (2023-2026) - Scheme C and D State Agency and Local Authority Partnership

Category 2 Costs up to detailed design, planning / consents, construction tendering and award.

Lough Key Forest & Activity Park is a key visitor destination in County Roscommon and within the Ireland's Hidden Heartlands region. It is a naturally beautiful activity park offering walking trails, cycling routes, and activities such as kayaking, zip-lining, self-guided historical tour, and a tree canopy walk.

Project 2

The park is also home to the impressive Lough Key, with the iconic Castle Island, providing opportunities for water sports and boating.

It has created significant local employment and generates economic activity within the local and wider regional economy of County Roscommon. Coillte and Roscommon County Council engaged a project team to deliver a strategic plan for the next 5-10 years for Lough Key Forest & Activity Park.

Funding was secured from the **EU Just Transition Fund** to deliver the planning and detailed design phase of this project which will be completed over the course of this plan.

The key strategic objectives of the Masterplan are as follows:

- 1 Widen the range of activities at Lough Key to provide more variety for guests to enjoy over a multi-day stay.
- 2 Expand the accommodation on site and broaden the variety to encourage many more people to spend more than one day at the park.
- 3 Grow the economic benefits of the park both directly on site and in the wider area of North Roscommon.
